Why the website & Facebook?

Both are the focal points for all news, fixtures, results and match reports. The website is featured in all team communications including the West Lothian Courier 'footie shorts' entries. The website contains all match reports, team news, squad & league. These generate significant website visitor numbers as team members, match opponents and future opponents view what our match day reporter has to say. We also link to other teams websites thus increasing the traffic that flows through the site. This way the number of hits on the team website address will increase thus increasing the exposure your company gets. The Bathgate Vale FaceBook page is a recent addition and has proved very popular with over 450 supporters in the first 4 weeks. It is our aim to build this number to higher levels.
